

# \*\*\* ETERNA-TREE \*\*\*

If you are distressed by cutting down a living tree every year just to throw it out at the end of the season, and you don't care for the esthetics of a metal and plastic imposter, Eterna-Tree® is the solution for you.

Eterna-Tree® gives you the best of both worlds - the beauty of real wood combined with the reusability and perfect symmetree of the artificial variety.

Tools required: 7/16" hexagonal drive socket
