

**Your Friends at EternaTree<sup>®</sup> Present**  
**The EternaBox**  
(some disassembly required)

This box may contain the answers to the questions of all time. Or it may be empty. Or maybe both. Your karma will decide this.

If, after giving your best effort, you need help opening the EternaBox, decipher the hint below by substituting the previous letter of the alphabet for each letter of the message.

As always, if you have any difficulties operating our product, don't hesitate to call our 800 number.

If you received the 1996 edition, the EternaMotion, (and can still find it around the house), you have an added incentive to open your EternaBox - the much-asked-for replacement parts.

(If we missed you in 1996, you'll find the four kinetic energy storage units, 12 inches of elastic thread and a piece of metal wire are incredibly useful around the house or office.)
