# The EternaStave

After polishing off the last barrel of fine shiraz we found ourselves with a surfeit of fine oak staves, just right for this year's dust collector.

We started off making boomerangs but they wouldn't come back. We finally settled on what you're holding in your very hands – a piece of wood with one hole and two slots!

Now it's up to you to decide what to do with it. If you need a suggestion, refer to the following clue using our standard cryptographic key, substituting the previous letter of the alphabet for each letter of the clue.
