What's Your Hang-Up?

Everyone else has a hang-up,
why shouldn't you?

After extensive testing in our modest laboratory, we are somewhat confident that your new Hang-Up will be able to hold as many as three or four sheets of paper at once. (Or maybe one dish towel.)

Complete with double-sided foam mounting tape, your Hang-Up can be affixed to most clean and smooth surfaces* including tile and wood.

*Not recommended for use on wallpaper or other delicate surfaces.

Using our new standard cryptographic key (K for M), here are a couple of useful Hang-Up tips:
