If you are distressed cutting down a living tree every year just to throw it out at the end of the season, and you don't care for the esthetics of a metal and plastic imposter, the Eternatree is the solution for you.

The Eternatree gives you the best of both worlds: the beauty of real wood and the reusability and perfect symmatree of the artificial variety!

Special thanks this year to our bag ladies, Jess and Mary Ann.  
They helped sew much.
